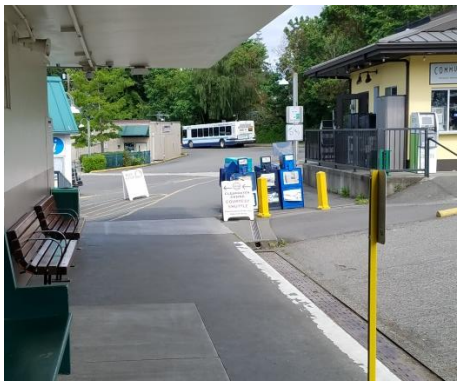
How do I find the Strait Shot at the Bainbridge Island Ferry Terminal?

1. Board the ferry in Seattle. Upon arrival in Bainbridge Island, proceed down the passenger ramp towards the terminal building. Before entering the building, turn right and head towards the parking lot.

2. Follow the overhead signs – turn left for buses.



3. Follow the sidewalk to the transit loop. The Strait Shot typically parks as far forward as possible in the loop to allow room for buses from other transit agencies. **Your view of the Strait Shot may be blocked by other buses or the bicycle rental shop in the middle of the loop.**

4. Keep walking around the loop until you see the white and blue Clallam Transit bus (Route 123 to Port Angeles and Sequim). The Strait Shot waits for the arrival of the scheduled ferries printed in the Clallam Transit schedule and departs 10 minutes after a delayed ferry arrives.

If you have questions, please call Clallam Transit at 360-452-4511.

The coordinates of the Strait Shot bus stop are 47.623703, -122.512105.
